PROJECTS

LuqmaFresh

🔗 <https://play.google.com/store/apps/details?id=com.luqmafresh&hl=en&gl=US>

"LuqmaFresh," your premier destination for an exceptional online meat shopping experience. LuqmaFresh is a state-of-the-art e-commerce application that offers a diverse range of high-quality chicken and meat products. LuqmaFresh provides an extensive selection of fresh, premium cuts, ensuring that customers can find the perfect choice for every culinary requirement.

Vox School

The school app ERP provides a centralized platform that allows administrators, teachers, parents and students to access and update relevant information in real-time. It eliminates the need for manual paperwork and improves efficiency by automating routine tasks. The system typically offers user-friendly interfaces and mobile compatibility, enabling stakeholders to access the platform from any device with an internet connection.

RashanGallery

The RashanGallery application is an Android application where users can purchase and order groceries online. The system is developed with a user-friendly and attractive UI, offering a wide range of groceries available for delivery.

Beats Fitness

🔗 <https://play.google.com/store/apps/details?id=com.beatsfitnessapp>

A fitness app is an application that can be downloaded on any mobile device and used anywhere to get fit. Fitness apps are designed to help with exercise, various types of physical training, nutrition and diet, and other ways to achieve fitness.
